

CLAIMS

1. A cosmetic composition intended to be applied to
5 the skin, comprising ubiquitin in combination with
a cosmetically acceptable vehicle.
2. The cosmetic composition as claimed in claim 1, in
10 which the ubiquitin is present in a proportion of
0.001% to 0.1% by weight of the composition.
3. The cosmetic composition as claimed in either one
15 of claims 1 and 2, in which the ubiquitin is of
plant origin.
4. The cosmetic composition as claimed in claim 3, in
which the ubiquitin is in the form of a plant
extract containing at least 1% of ubiquitin by
weight relative to the solids.
- 20 5. The cosmetic composition as claimed in either of
claims 3 and 4, in which the ubiquitin comes from
alfalfa.
- 25 6. A cosmetic treatment method, comprising the
application, to an area of the skin to be treated,
of a cosmetic composition as claimed in one of
claims 1 to 5.
- 30 7. The use of a cosmetic composition as defined in
one of claims 1 to 5, for combating skin aging and
protecting the skin against external attacks.
